

SCN Screening Eligibility Summary

Purpose

This one-pager outlines which Medicaid members are eligible for SCN-funded screenings and clarifies exclusions based on state and federal guidelines.

Who Can Be Screened?

Medicaid members are eligible for SCN-funded screenings if they:

- Are enrolled in **Medicaid Managed Care (MMC)** or **Fee-for-Service (FFS)**
 - Have **not been identified as part of an excluded population**
-

Who Cannot Be Screened (Excluded Populations)

SCN-funded Screening, Navigation, and Enhanced HRSN Services **cannot** be provided to:

- Members with **provisional Medicaid eligibility** (Coverage Code 06)
- Members eligible for **emergency services only** (Coverage Code 07)
- Participants in the **Medicare Savings Program** (Coverage Code 09)
- Members in **Family Planning Benefit Programs only** (Coverage Codes 18, 27)
- Residents of **state psychiatric facilities** (Coverage Code 25)
- **Incarcerated individuals** (Coverage Code 26)
- **Nursing home residents** (RRE Codes N1–N9)
- Certain **undocumented or noncitizen populations**
- Members in Medicaid programs **not eligible for federal funding match**

These exclusions are applied upstream and removed from SCN data files (MEF and ESMF) before screening metrics are calculated.

Key Questions Answered

1. Does the number of unscreened Medicaid members include excluded populations?

No. These members are removed from SCN data files before reporting. Any outreach list sent to CBOs by HVCC only include members that are eligible for screening.

2. Does this number include members with Intellectual and Developmental Disabilities (IDD)?

Yes. IDD members are included unless they fall under an excluded category. They are part of the Enhanced Population eligible for services.

3. Does this number include nursing home residents?

No. Nursing home residents are excluded from SCN-funded services.

4. Are there Medicaid members excluded from SCN Screening eligibility?

Yes. See the list above under “Who Cannot Be Screened.”
